

Chatham-Kent Family Health Team

Wallaceburg Site

1 F/T Position

Start Date: ASAP

Available Position:

The Wallaceburg office offers a nice mix of urban and rural medicine, being in the second largest community in the region. There are five physicians located at this office with nursing and administrative support. Wallaceburg is also home to the second site of the Chatham-Kent Health Alliance, which offers 24/7 Emergency Department service. There is an opportunity to take over a family practice at this location.

Schedule and Compensation:

Our team of Physicians in CKFHT work Monday through Friday as well as take turns working additional clinics. Payment is through the FHO model.

About Chatham-Kent Family Health Team:

Your career with the Chatham-Kent Family Health Team will offer you the opportunity to tailor make your family practice. You will join a group of 23 colleagues (and growing) who are located across the five sites of your FHT. We offer modern, well equipped clinical facilities that are located in both rural and urban settings.

You are licensed by the CPSO and want to be part of a collaborative group of physicians and health care providers, who are dedicated to meeting the medical needs of our community. Our offices are turn-key and fully staffed for your convenience. We use Accuro EMR and all sites are inter-connected. Overhead is competitive. Our rural offices will impress you greatly with their modern facilities. You can choose to live in an urban centre if you wish and enjoy all the benefits of an urban/rural practice.

There are opportunities to augment your office practice at the Chatham-Kent Health Alliance by providing in-patient care, or in OB, hospitalist, etc. The choice is yours!

It's all about lifestyle:

- a short commute
- surrounded by the Great Lakes offering endless outdoor recreational activities for every season
- moderate climate means less snow and a longer growing season
- affordable housing and cost of living
- major sporting and entertainment events and international travel within an hour's drive

Practice opportunities offering a well balanced combination of rural and urban components are a rare find!
